GO DEEPER

Follow these steps to research a word or concept in the Bible to find new insight and understanding.

At each step, ask:

What does this add to my understanding?

If you don't find it at one step, just move on to the next!

Identify a word or concept to research.

1

Look for it in the same book.

2

**Look for it in another book by the same author.**

3

Look for it in a book of the same genre (prophet, gospel, etc)

4

Look for it in a book written in the same historical era.

5

Look across the Bible in any remaining books.
